

1-4-2022:

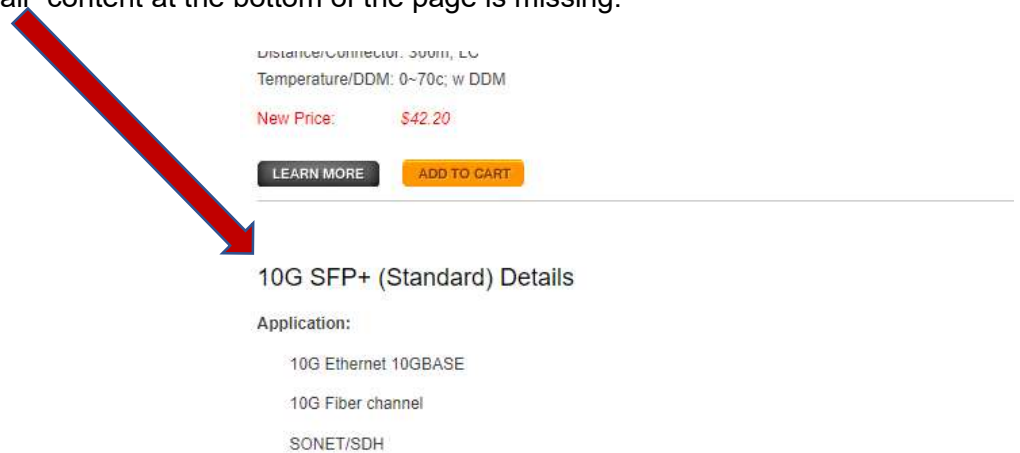

1) Regarding Product Pages, there are 3 levels of product pages, Level 1, 2, and 3 as shown below:

Currently on the Level 1 & Level 2 Product pages: a) Level list of next level is missing (see below SS);

b) Related "Detail" content at the bottom of the page is missing:

c) Site footer and side buttons are missing on the pages as well.

2) The “Learn More” button on Level 1 and 2 product pages should jump to related “Details” lines at the bottom of the page, and

### Gigabit Standard SFP

Electrep provides a full s performance gigabit SFP Small Form Factor Plugg communications accordi (MSA), which supports bi interfaces. and RJ45 Coj Mbps Ethernet data rates speed signal and LVTTTL receiver section of optica transmitter uses the mos allow 550M ~ 160Km Eth been used by Telecom S enterprise/campus netwo low return and supper re

temperature (industrial temperature / hardened).

[LEARN MORE](#)

3) Some additional Spec options line/windows are missing on Product Page:

There are 3 Spec option lines and/or 3 Note lines to be selected for each product, and they should show up right under the Price line (see blow 2<sup>nd</sup> SS with the 3 options on Backend page as well), but currently they are missing (or partially missing) on the product page

1.25 Gbps SFP, Single Fiber (BiDi), 20Km, 1310Tx

Part No: E-S4415D-LLLL  
 SKU: 2asad  
 User Review: ★★★★★ (2) [Write a review](#)  
 Price: **\$ 100.00** [Ask Quantity Price](#)  
 Length: 100  
 Core: Copper

[Update Price](#)

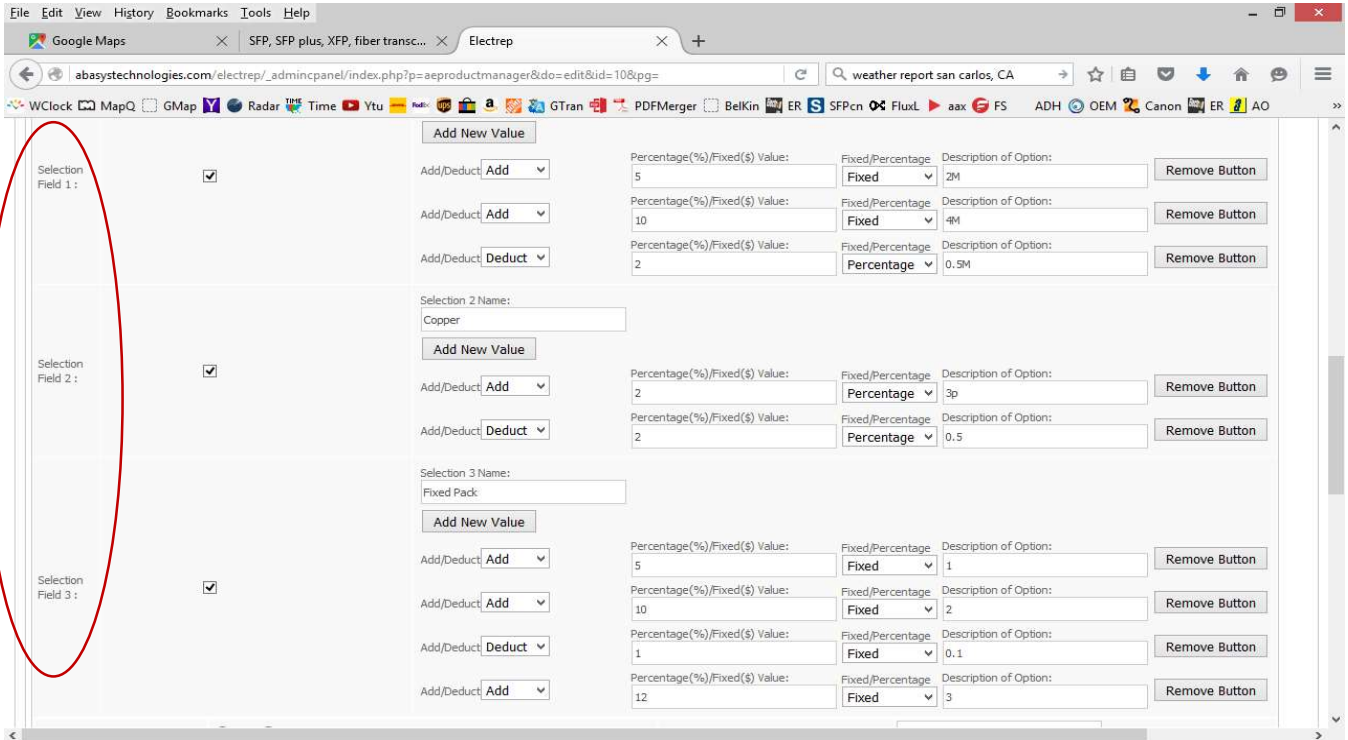

Quantity:  [ADD TO CART](#)

Compatible Hardened 1.25Gbps SFP, BiDi, 40km, LC, 1490T/1310R

Part No: E-C4436D-1310R-H  
 SKU: E-C4436D-1310R-H  
 User Review: ★★★★★ (0) [Write a review](#)  
 Price: **\$ 78.00** [Ask Quantity Price](#)  
 Compatibility: Cisco, HP, Juniper, Nortel, Brocade, Force10, Ciena, Allied Telesis, Dell, Extreme, D-link, Linksys, Telco, Calix, Adtran, and 3Com

Quantity:  [ADD TO CART](#)

4) “Write a review” goes to an empty page on each product page – need to fix.

5) Backend Login does not work, and it does not send email for PW reset, and customer cannot make their “Registration” as well.

6) Search Engine does not work (see below the “Pup down list” and “Search Result page” for your reference):

Home Products Order Info Support Service Contact

Search Result For **Sfp, 20km, 1.25 Gbps**

Search Result For Category
