

FeedBack 1-5-2022:

- On Backend (BE) Category Manager page and Category: Edit page:
 - Changes made on Category Title, URL or Description will effective on the Backend, but they don't effected on the live Site (e.g. we changed the Category Title of "SFP Transceivers" to "SFP/QSFP/SFP+ Transceivers" on Category: Edit page, it works on Backend, but does not work on live site – the site still shows original of "SFP Transceivers" after all., **That means the live site does not link to the Database right actually** (other pages have same issue – see below).
- On Backend (BE) Product Manager page:
 - The Product-Price and Pro-Availability numbers cannot be changed on Product Manager page, which should be.
 - The 2 numbers above can be changed only on the Product: Edit page – after clicked Edit button on Product Manager page.
 - But No matter what have been changed on BE for each product (e.g Price, Quantity, Featured), they don't actually effected onto the live Site.
- User Manager page on BE (under "Tools") – cannot delete users, and "Edit page is empty
- Tax Manager page on BE (under "Tools") – "Edit" bottom links to an empty page
- Edit Password page on BE (under "Tools") – PW change feature does not work – it results an empty page
- Contact: Edit page on BE: changed made on this page saved on the BE, but does not show the changes on the live Site
- Contact page on live site: the site does not send any message to either the Site manager or the customer themselves – after filling out the info and clicked Send button
- Robot hacker hacked our Backend customer Registrations (see below SS that show junk registrations in last few days after the site was up to server). So the current security **Captcha** on Registration page does not actually work right to prevent the hackers.

9. On Check Out page: The details of both Billing and Shipping Addresses should show up on this Check Out page, but they are missing right now.

Check Out				
PN	Title/Description	Unit Price	Quantity	Subtotal
E-11592U	Gigabit Media Converter, Multimode, 2Km, 1310nm, SC	\$52.50	1	\$ 52.50
Subtotal of Items				\$ 52.50
Check it up, if you are a legal Tax Exemption organization in US (official docu. may be requested later)			Tax Exemption	<input type="checkbox"/>
BACK		SHIPPING OPTION		
Billing Address	Edit Billing	Shipping Address	Edit Shipping	
Pay Now Pay via: 1. A PayPal Account, or 2. Credit Card, Debit Card or Online Bank Account  choose 2nd option: "Pay with Debit or Credit cards as a Guest."				

The Shipping Options button should link to FedEx shipping cost page, but it links to Billing address page now (this button works yesterday). Please check and fix.

We cannot further test the Shopping Cart, since the system requests us make our choices on FedEx costs by clicking "Shipping Option", but this button does not link to FedEx API right now, so we cannot move forward to further test the Shopping Cart.
